Every cough makes your throat more raw and irritable. Every cough congests the lining membrane of your lungs. Cease tearing your throat and lungs in this way. Put the parts at rest and give them a chance to heal. You will need some help to do this, and you will find it in

From the first dose the quiet and rest begin: the tickling in the throat ceases; the spasm weak-ens; the cough disap-pears. Do not wait for pneumonia and con-sumption but cut short your cold without delay.

Dr. Ayer's Cherry Pectoral Plaster should be over the lungs of every person troubled with a cough. Write to the Doctor.

Wild Rush of Diamond Miner

A wild rush of miners is reported at Nullagine, Australia, where diamonds have been discovered, and it is feared that many will lose their lives in the struggle. In this country the rush for gain is causing men to break down in health. Nervousness and general de-bility are the symptoms which Hos-tetter's Stomach Bitters will cure.

To Prevent Somnambulism A device to prevent sleep-walking is to lay upon the floer, by the side of the somnambulist's bed, a sheet of fron, zinc or other metal, wide enough to insure that he will estep upon it. When the sleep-walking fit comes upon him his foot touches the cold surface of the metal, and he instinctively draws that leg into the bed aggin. After two or three attempts the somnambulist gives it up and settles down in bed

Vanilla Bean Is Costly.

It is not generally known that the vanilla bean is the costliest bean on earth. It grows wild and is gathered by natives in Pipantia and Misantia, Mexico. When brought from the forest these beans are sold at the rate of £2 5s. per 1,600, but when dried and cured they cost about £2 5s. per pound, They are mainly used by druggists, and last year 90,000,000 beans were imported into this country.

# Oxidized Gold Brooches

The very latest novelties are brooches in oxidized gold, representing a flower and leaves in the form of a spray, such as an orchid, iris or poppy. They are beautifully modeled, and the leaves are here and there flushed with a dull metallic green, the iris and orchid with faint purple, and the poppy with red, but all are done with the greatest delicacy and moder-

# COMFORTING WORDS TO WOMEN.

The Surgical Chair and its Tortures May be Avoided by Women Who Heed Mrs. Pinkham's Advice.

Woman's modesty is natural; it is charming.

To many women a full statement of their troubles to a male physician is almost impossible. The whole truth may be told to Mrs. Pinkham because she is a woman, and her advice is freely

offered to all women sufferers. Mrs. O. E. Land, of 19th and N Sts., Galveston, Texas, whose letter is printed below, was completely discouraged when she first wrote to Mrs. Pink-

ham. Here is what she says: "DEAR MES. PINKHAM:-I wrote to you some time ago, telling you of my ills, but now I write to thank you for the good your remedies have done me. I have used two bottles of Lydia E. Pinkham's Vegetable Compound, three packages of anative Wash, and one box of Liver Pills, and to-day I call myself a well woman. I suffered with backache, constant headache, whites, sick stomach, no appetite, could not sleep, and was very nervous. At time of menstruation was in terrible pain. Your medicine is worth its weight in gold. I never can say enough in praise of it. I have recommended it to many friends. If only all suffering women would try it, there would be

more happy homes and healthy women. I thank you for the change your medicine has made in me. Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice, have

saved thousands of women from hospital operations.

The lives of women are hard; whether at home with a ceaseless round of domestic duties or working at some regular employment, their daily tasks make constant war on health. If all women understood themselves fully and knew how exactly and soothingly Lydia E. Pinkham's Vegetable Compound acts on the female organs, there would be less suffering.

and, in fact, nearly all women who undergo a nervous strain, are compelled to regretfully watch the growing pallor of their cheeks, the coming wrinkles and thinness

distressing every day. Every woman knows that ill-health is a fatal enemy to beauty and that good health gives to the plainest face an enduring attractiveness. Pure blood and strong nerves - these are the secret of health and

Dr. Williams' Pink Pills for Pale People build up and purify the blood and strengthen the nerves. To the young girl they are invaluable, to the mother they are a necessity, to the woman approaching fifty they are the best remedy that science has devised for this crisis of her life.

Mrs. Jacob Weaver, of Bushnell, Ill., is fifty-six years old. She says, "I suffered for five or six years with the trouble that comes to women at this time of life. I was much weakened, was unable, much of the time, to do my own work, and suffered beyond my power to describe. I was downhearted and melancholy. Nothing seemed to do me any good. Then I made up my mind to try Dr. Williams' Pink Pills for Pale People.

I bought the first box in March, 1857, and was benefited from the start. A box and a half cured me completely, r pd I am now rugged and strong."

WILLY ALABASTINE IS.

Alabastine is the original and only durable wall coating on the market. It is entirely different from all kalsomine preparations. Alabastine is made ready for use in white or twelve beautiful tints by the addition of cold water. It is put up in dry powdered form, in five-pound packages, with full directions on every package. It takes the place of scaling kalsomiaes, wall paper and paint for walls. Alabastine can be used on planter, brick, wood or canvas, and a child can brush it os.

Kalsomines are cheap and temporary preparations, manufactured from whiting, chalks, clays, etc. They are stuck on the walls with decaying animal give. Alabastine is not a kalsomine. It is a rockbass cement, which sets, and it hardens with age. It can be re-coaled and refectorated without having to wash and scrape off its old coats. Beware of a large four-pound package of light kalsomine, sold to dealers for four pounds and offered to customers as a furnishment.

The interior walls of churches, school-houses and all public halls shoud never be coated with anything but the durable and pure Alabastine. So evident has this fact become, that hundreds of tons are used annually for this work. The genuine Alabastine does not rub or scale off, it is cleanly during the long period of its usefulness. Every owner of a building should use it. Ask your paint dealer or druggist for card of tints, and write for free copy of our paper. Alabastine Ers.

The dealer who tells you that he can sell you the "same thing" as Alabastine or "something just as good," either is not posted or is trying to deceive you. In offering something he has bought cheap and is trying to sell on Alabastine's demands, he may not realize the danger to himself as well as to you. Beware of all new substitutes. Dealers risk a suit for damages by selling and consumers by using an infringement. Alabastine Co, own the right to make and sell wall coatings adapted to mix with cold washer.
